

Lesson #1

Minimize number of screens not expected

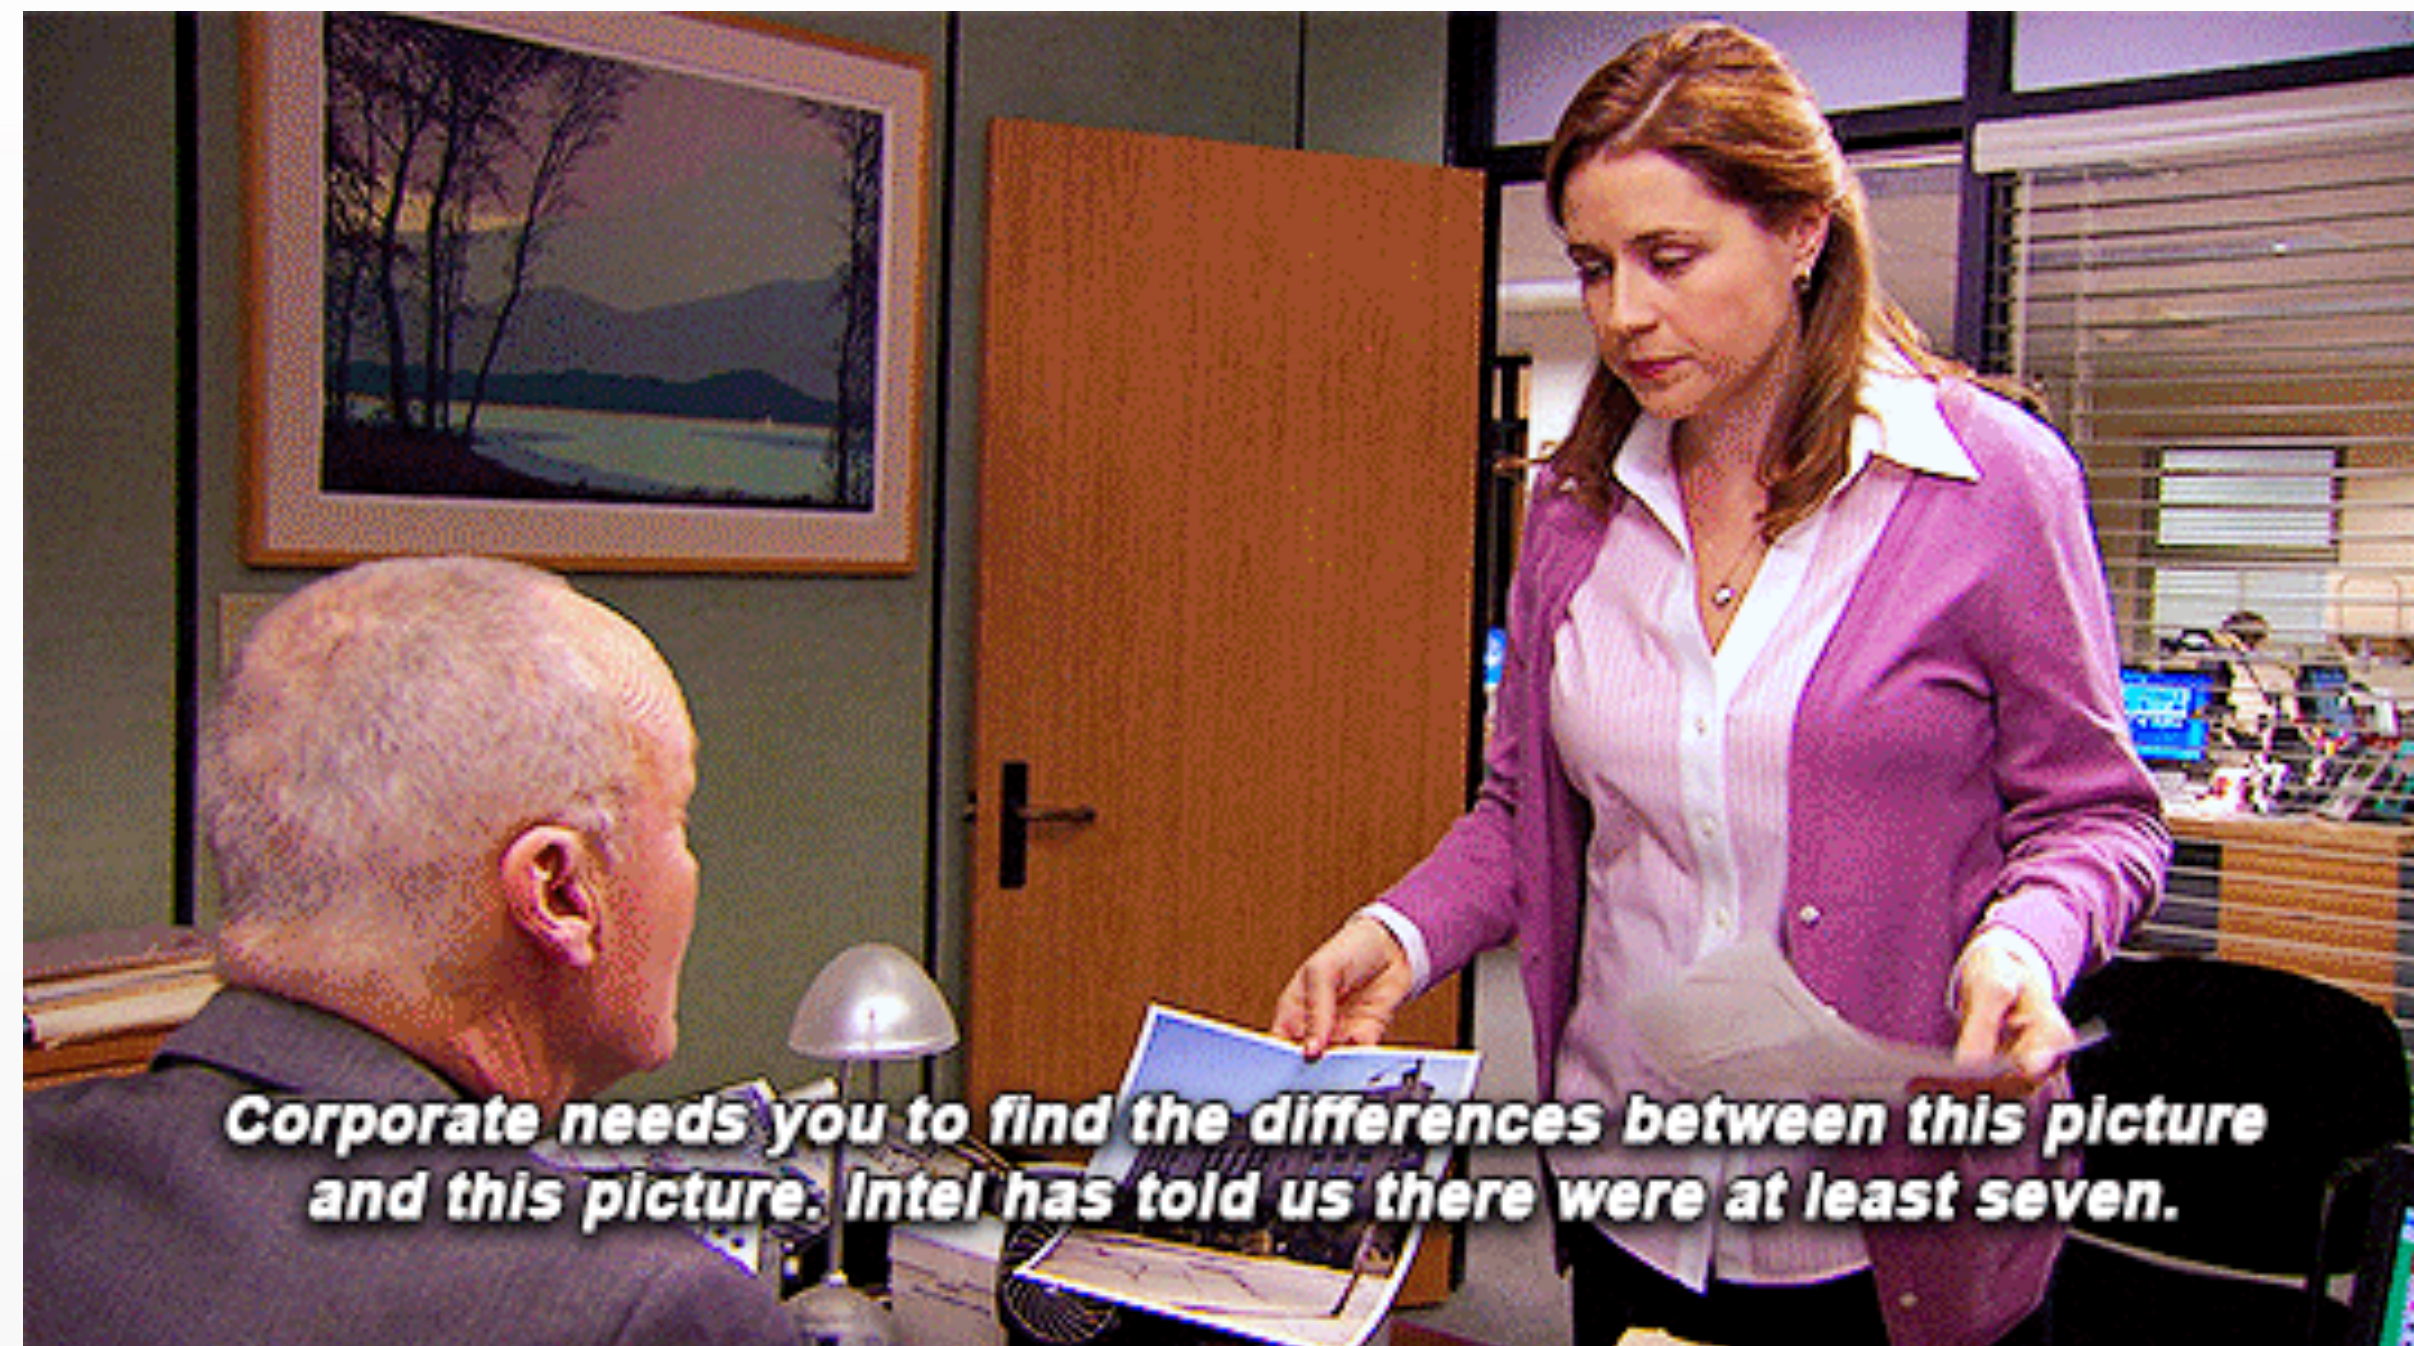

Corporate needs you to find the differences between this picture and this picture. Intel has told us there were at least seven.

Corporate needs you to find the differences between this picture and this picture. Intel has told us there were at least seven.

Lesson #1

Minimize number of screenshot expectations

Valid screenshot change

Deleted

Added

Theme demo Inputs Plots Tables Notifications Fonts Options

inputPanel() wellPanel()

sliderInput()

selectizeInput()
AL

selectizeInput(multiple=T)

dateInput()
2020-12-24

dateRangeInput()
2020-12-24 to 2020-12-31

Below are the values bound to each input widget above

List of 5
\$ sliderInput : int [1:2] 30 70
\$ selectizeInput : chr "AL"
\$ selectizeMultiInput: NULL
\$ dateInput : Date[1:1], format: "2020-12-24"
\$ dateRangeInput : Date[1:2], format: "2020-12-24" "2020-12-31"

Here are some `actionButton()` s demonstrating different theme (i.e., accent) colors

Primary

Secondary (default)
